

Errata Sheet for Standard Specifications for Highway Construction, 2020 Edition

Last Update: 2/12/2020

This errata sheet logs content and formatting errors identified after SSHC publication on December 30, 2019. These errors are corrected in the consolidated PDF version of the February 2020 SSHC available for download on the DOT&PF Standard Specifications webpage.

- Margins and section headers adjusted throughout to accommodate optional printed or bound publications. Table of Contents updated to reflect new page numbers after repagination and minor edits to conform to D&ES style.
- Minor edits throughout to fix orphan text and broken tables and formatting conflicts as needed.
- Pay Items changed to conform to new AASHTOware nomenclature standards in the following sections:
 - Section 204
 - Section 401
 - Section 403
 - Section 550
 - Section 603
 - Section 608
 - Section 621
 - Section 623
 - Section 630
 - Section 631
 - Section 641
 - Section 642
 - Section 644
 - Section 660
 - Section 670.
- Reworded instructions in 641-3.01 Item 3 and 641-5.01 for clarity.
- Corrected a paginating error in Table 630-1 that obscured the values in column two. Material description in Table 550-2 was edited to remove extraneous words.
